Christie, checking back in on this. We'd love the EPA's perspective.

Noon tomorrow would be ideal. I've left messages, too, with Lisa and Rich here in Colorado.

Hi there. I'm in communication with a member of the Animas Stakeholders Group, Peter Butler. He says the EPA did not consult with the group about Gold King and that, in general, this has been a trend when the agency works on mines that the group has a lot of expertise on. May I please get the agency's response? We're radio--so a voice would be lovely :)
